"Environmental Protection is Everybody's Business."

Public Notice on the Maintenance of DOE's Website

The Department of the Environment, Ministry of Natural Resources and the Environment, would like to inform the general public that we are currently experiencing technical difficulties with the maintenance of our website: www.doe.gov.bz. Please be informed that any information being sought on our website is also available at the Department of the Environment, particularly Environmental Impact Assessment (EIA) reports. Currently the Limited Level Environmental Study (LLES) for the Chrysalis Project that was published in a notice in the newspapers of February 2, 2009 can be reviewed at our office, as well as it can be viewed in hard copy at the other locations stated in the notice. The Department of the Environment apologizes for any inconveniences caused and we are working hard at resolving this temporary problem.
